A MESSAGE FROM OUR CEO

As Chief Executive Officer (CEO), I am honored to present the Service Women’s Action Network (SWAN) Strategic Plan as a roadmap to support, connect and advocate for service women past, present and future.

Through the goals and objectives set forth within this plan, SWAN aims to become the nation’s largest, most influential and effective network of service women. I firmly believe this strategy will enable us to advance the rights of service women and women veterans today, and pave the way for their growth tomorrow. The success of this effort requires the active participation and support of the entire SWAN community in order to bring about all needed changes. As CEO, I fully embrace this plan and look forward to implementing it alongside you in the months and years to come.
